Question 1:

We are requesting clarity on the number of pages for the narrative. Page 24 of the ITN, section 4.2.3 (Narrative), states that the narrative portion must be double-sided, no more than 25 pages. Does this mean the narrative must be 12 ½ sheets of paper or 25 sheets?

Response:

The narrative portion should be no more than 25 pages not including the budget and attachments. With pages double sided there should be no more than 12 ½ pieces of paper.

There are no additional written inquiries.
